

Welcome to Fisher Patton and the Red Baron's June 2004 Catalogue List

In a few days time we shall be off to the D Day remembrance parades in France.. When I was in 43 Commando RM in 1962-63 I did two exercises with the unit that landed us on Utah beach in November and February approximately. I can remember being up to my neck in sea water. It was rough as well but not as rough as going in under fire. I shall be in Normandy for the celebrations, but stepping back and watching them and watching with admiration, it's their show. They were magnificent and we owe them a great deal.
